Past Participant Quotes

“It is tough to answer the question of how much value is created, it doesn’t take much to amount to 5 to 10 thousand dollars when one sees 5-weight calves selling for \$2 per pound or more. In the end, since I am reluctant to exaggerate, I would answer \$5,000 -\$10,000.”

“The amount of information was almost overwhelming since I am not the one that usually works on these things on our ranch. Having the tools and the information pre-loaded on the laptop has been a big help. I have been able to work on the information on my own timetable”
