

Managing Risk on Colorado Rangeland

A Risk Management Workshop for Livestock Producers

The USDA's Risk Management Agency and Colorado State University invite you to learn new risk management strategies and discover the right level of risk for you and your operation.

Participate in a FREE **RightRisk** workshop, co-sponsored by the Colorado Wool Growers Association and the Colorado Cattlemen's Association, being held in Montrose. The presentations and activities will help you and your family or business partners gain a better understanding of the risks faced by your operation and your personal risk preferences. You will learn ways to manage those risks using insurance and other controls.
